

Petroleum

Meyer Ballroom South

8:00 – 8:30 am	Welcome
8:30 – 10:15 am	<p>Petroleum Program: Session One</p> <p><i>How Do I Operate In Compliance? (Part One)</i></p> <p>Tank owners, contractors and OPS representatives will engage the audience in a discussion about how to prevent and detect releases from storage tank systems. What motivates successful tank owners to remain in compliance? What are the requirements in Colorado? What are the most effective ways to prevent releases? Attendees will see demonstrations of release prevention equipment, learn about OPS interpretations of violations and engage in debunking common myths about petroleum releases.</p>
10:15 – 10:45 am	Morning Break
10:45 – Noon	<p>Petroleum Program: Session Two</p> <p><i>How Do I Operate In Compliance? (Part Two)</i></p> <p>Learn about proposed updates to the Petroleum Storage Tank Regulations to align with the new EPA Underground Storage Tank Regulations.</p>
Noon – 1:00 pm	Lunch
1:00 – 2:30 pm	<p>Petroleum Program: Session Three</p> <p><i>What Happens When I Have a Release, and How Do I Get a No Further Action Determination?</i></p> <p>OPS representatives will describe the process from release discovery through No Further Action to inform owners and operators of their requirements and role within this process. This interactive presentation will include a walk through our user-friendly guidance and will incorporate visual software to depict how contaminants move underground after they have been released from the tank system. Tank owners and operators will also share their experiences with petroleum releases.</p>
2:30 – 3:00 pm	Afternoon Break
3:00 – 4:15 pm	<p>Petroleum Program: Session Four</p> <p><i>Keys to Successful Reimbursement</i></p> <p>Learn about key steps in the process to request reimbursement from Colorado's Petroleum Storage Tank Fund.</p>
4:15 pm	CLOSING
